My favourite book

(by Lee Yuet Yin Bianca)

My favourite book is The Beauty and The Beast. It is a fairy tale. I think it is very interesting. The main characters are The Beauty and the Beast. The Beauty is very kind and the Beast is very scary but nice.

The beginning is the Beauty fell in love with the Beast but she was shy to talk to the Beast. The most exciting part is about the Beast fought with the prince because the Beast secretly fell in love with the Beauty. However, the Beast did not know the prince wanted to kill the Beast because he thought the Beast was a monster and he was a harm for the Beauty. I feel touched after reading this book because the beast survived when he almost died.

I think this book is the most touching book I've ever seen and I think fairy tales are more interesting than adventure stories. I hope you can read this book too and I would rate this book five out of five stars.

My favourite book is *The Gingerbread Man*. It is a fairy tale by Jim Ayleworth. I think fairy tales are exciting than true stories. The main characters are the *Gingerbread Man*, an old man, an old woman and a fox. The fox is the smartest.

In the story, the *Gingerbread Man* escapes from an oven. The old man and the old woman run to catch him, but the *Gingerbread Man* is faster than them. In the end, the *Gingerbread Man* meets a fox. They cross the river.

The most exciting part is the fox tricks the *Gingerbread Man*. The fox moves the *Gingerbread Man* closer to its mouth and eats him!

My favourite character is the fox because he is smarter than the man and the woman. After reading this book, I know that we should not believe a stranger. I love this book because it is the most interesting book I have read. It is more frightening than *Romeo and Juliet*. My rating for this book is 4 out of 5 stars. I recommend you to read this book.
